STEM Club

The SAA-SDS STEM Club is looking for members!

What is STEM?

STEM stands for science, technology, engineering and math. STEM Education provides students with hands-on experience in sequences that build upon each other and can be used with real-world applications. STEM education creates critical thinkers, increases science literacy, fosters collaboration and enables the next generation of innovators.

What do club members do?

The SAA-SDS STEM Club participates in workshops and competitions such as programming robots, building catapults, constructing towers, programming, designing new products and improving existing products.

Who can participate?

The SAA-SDS STEM Club is open to students in 4th-8th grade. There is no regular meeting time. Events will be held periodically and will involve a variety of STEM ideas. Membership fee is $10 and includes a club t-shirt.

Questions?

Please contact Kelly Klingbeil at kklingbeil@saa-sds.org.
